RESPONSE TO RESTRICTION
REQUIREMENT

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

In response to the Restriction Requirement mailed October 1, 2002, Applicants elect, with traverse, to prosecute the subject matter of Group I, claims 1-11, drawn to an isolated polynucleotide encoding estrogen regulated myosin-related protein (MRP), expression cassette cloned in a vector, and an isolated host cell for the expression.

The foregoing election is made with traverse. Examination of the subject matter recited in the claims of Groups I-XI would not place a substantially greater burden on the Examiner. Accordingly, Applicants respectfully request the Examiner to withdraw the Restriction Requirement and to consider claims 1-39 together in the present case.
